Practice of Government Procurement in China

- Formulate the GP List and declare the GP scope
- Improve the transparency, promote open and efficient competition
- Strict the procurement procedure, standardize the conduction
- Establish supervision functions, ensure the fairness and justness
- Facilitate the realization of the economic and social development policy goals

中华人民共和国财政部

Objectives and Task in the Near Future

Objectives in the Near Future

- Refine the rules of procedures to improve efficiency
- Be open, just and transparent to conduct fair trade
- Optimize procurement and be cost effective
- Have the policies function to promote economic development
- Establish a Control Mechanism to prevent and inhibit corruption

Task

- Accelerate the laws and regulations system construction.
- Enlarge the scope and scale.
- Strengthen the management and improve the transparency
- Faculty Improvement.
- Economic and social development policy goals
- China's commitment on accession to GPA
- Exploration on EGP

中华人民共和国财政部

Exploration of EGP in China

Status

- Finance departments made a lot of efforts.
- Management and operation system are separately.
- Using international advanced technology
- Improving the efficiency
- Improving the transparency

Obstacle

- GP reform is still at initial stages.
- Legal and security problem
- Lack of information infrastructure

Blue Print

- Drawing the strategy of EGP
- Integrate the EGP with the reform of GP
- Two system: management/operation
- Step by step
